Dear Mrs Dwight:

I am writing to ask you to send me the address of the USO building where the ballplayers are going to dress during their spring training.

The ball park where we are going to train did not have what is called a back stop (a screen that is put up behind the catchers plate, to keep the balls from going in the stand during batting practice) and I have had one made. I am going to ship it directly to Jacksonville, and I thought the best place to have it sent was to the USO building. If you think the ball park would be the best place to send it, please let me know. It is a bundle about 10 ft. long, and one foot across.

Please wire me collect the address where it should be sent. I would like to get it off as soon as possible in case there is any delay in delivery. We will start training April 1st.

Thank you very kindly for your cooperation.

Very Truly Yours
